FLATWORK FOLDER

Low maintenance design

Up to three primary folds by air

4.3" color touch screen

Delivery table

Programmable air pressure

Up to three crossfolds by knife

Up to 2 stackers

The most anticipated industry upgrade is here!

FlexFold LP is a flatwork folder able to fold the complete range of small and large flatwork linens. The **FlexFold LP's** simple yet durable design delivers high quality folding and high production rates. The unit can perform 2 or 3 primary folds in up to 6 lanes, as well as 1, 2 or 3 crossfolds in up to 2 lanes. Each lane is independent and can be combined for flexibility. The folder comes standard with mechanical bypass and can be supplied with up to two drop stackers or a side delivery table. All crossfolds are accomplished by knife and reversing conveyors.
